German

WORK

UX Design Intern

HYAM Studio | JUN 2018 - SEPT 2018

- Worked cross-functionally to design Products & Pricing page tool, incorporating research and coding fully functional prototypes for testing.
- Executed visual redesign of Support Center content, exploring over 100 directions for components and overall design. QA tested upon launch.
- Taught Framer workshop to product design team, successfully sparking interest in teammates to learn the program.

Freelancer Designer

Upwork | 2015 - Present

- Worked on projects including web design for Ruby Garage, logo design for an early stage startup, and photography for Geupap Magazine.
